Re: The 5th Annual McGill University Hepatopancreaticobiliary and Liver Transplant Surgery Symposium

Dear Dennis,

I would like to thank you for attending the HPB and Transplant Symposium. We certainly have gained much from our experiences with you and I dare hope that you have also profited from your encounters with us.

Please find enclosed a souvenir of the HPB and Transplant Fellows group.

Sincerely yours,

Peter Metrakos, FRCSC, FACS
Director of Multi-Organ Transplant Program, MUHC
Director of Hepatic, Pancreatic and Biliary Surgery, McGill
