Canada
Identification #: 062885

Dear Dr. Vrochides:

The American Board of Surgery (ABS) is pleased to inform you that you have successfully completed the General Surgery Certifying Examination held in Chicago (Rosemont), IL, during the week of April 30, 2007, and are now Certified in Surgery. Your certificate will be sent to you in three to six months, once it is engrossed with your name, certificate number, date of issue, and expiration date. Your certificate number will not be the same as your identification number.

Your certificate will be valid until July 1, 2017, providing you comply with the requirements of the ABS Maintenance of Certification (MOC) Program, which requires professional development and self-assessment activities at periodic intervals in the ten-year certification cycle. Further information regarding MOC is enclosed and is available from the ABS website, www.absurgery.org.

The ABS will submit your name to the American Board of Medical Specialties (ABMS), which will contact you directly regarding your listing in both the print and online versions of the ABMS Directory of Board Certified Medical Specialists.

Please keep us apprised of any changes to address. Once again, congratulations and best wishes for continued success.

Sincerely yours,

Frank R. Lewis, Jr., M.D.
Executive Director
